Terms & Conditions

1/ Photo shoots are by appointment only.

2/ Cancellations have to be given to us 24 hours prior to the shoot to enable us to reschedule. If cancellations are not received and we have a no-show situation a blacklist system comes into operation where agencies are informed and other photographers are made aware of the situation.

3/ Each model is allotted a time slot to prepare makeup and hair. If a model is going to be late it would be kind to us to inform us so the day can reshuffled.

4/ Payment for the shoot and also hair & makeup is due on the day unless a prior arrangement has been made by the agency.

5/ Print orders are only accepted by e-mail using our online order form. This gives us the order in writing and a time and date of receipt, by keeping it all digital enables us to speedup work flow. Payment must be received before dispatch of order.

6/ Ordered prints are cleaned up and prepared for final output at the discretion of the print retoucher. If specific instructions are requested for retouch a fee would be incurred depending on requirements.

7/ Original digital files are stored for a period of nine months from the date of the shoot and then disposed of.

8/ Retouched images are stored for a period of one year from the date of the shoot and then disposed of.
